Our Be Better Buddies figurines are our debut line of inspiring giftware. We've designed these with the specific intention of cheering up friends and family who are recovering from illness.

Elegant Gift Packaging

We've sourced one of the most prestigious gift-packaging company in Asia for our top quality boxes.

Each figurine lives comfortably inside a bespoke lazer-cut foam nest. We use a thick and heavy cardboard gift box with a leather strap to slide it out.

To truly embrace the hand-made nature of all our designs, each figurine is accompanied by a certificate of authenticity hand-signed by the artist who created it.
